SABOJA COMPANY Nairobi Kenya

Junior Web Developer

Skills: React.js · MERN Stack · TypeScript · Express.js · Node.js · JavaScript

MY ROLE:

I have been assisting with website builds, implementing new design features, and working to ensure that the underlying structure of a client's website is correct.

I have been taking direction from senior developers and assisting with all aspects of website and application design.

MY RESPONSIBILITIES:

Assisting the web development team with all aspects of website and application design.

Assisting with the testing and maintenance of backend and front-end applications.

MAIN TASKS:

Assist the development manager senior developer in working on software design and coding.

Attend and contribute to company development meetings and improvement catchups

Update and learn new coding skills.

2021-2022

UPWORK Remote

Front End Development

I have been able to work well under pressure in a highly technical environment and I possess excellent website design skills and meticulous attention to detail as I continue to grow my technical and non-technical skills..

Work and monitor minor bug fixes and the technical performance of internal systems.
